A reserve list will be kept until the closing date after which any unconfirmed places will be released to those on this list.

Course Overview

Designed by Harry Colt in 1912 and carved out of heather and pine woodland, St George's Hill Club comprises three very individual 9 hole loops, all starting and finishing by the clubhouse. Most club championships and major competitions are played over the better known Red and Blue nines. However, the Green nine, originally part of a second 18 hole layout, now compares very favourably with the other two, and many regard it as the most difficult nine due to its much tighter nature.

All three nines are maintained and groomed to the same high standards and the putting surfaces all play to the same consistent speed.

Please note: all FLA events are subject to the application of competition law. Details will be available on the day and are included in the booking form.
